IDEA-0378-62

18 JUL 1961

MEMORANDUM FOR : Chief, Communications Staff, DPD

SUBJECT : Establishment of a TWX Facility Between  
[ ] and Headquarters, Air Weather Service.

25X1A

1. Request that an off-line TWX circuit be established between this headquarters and Headquarters, Air Weather Service, Scott Air Force Base, Ill. The circuit is required for transmittal of classified information pertaining to project security clearance of AWS personnel, cover stories, and operational weather support.

2. The Scott AFB terminal on this circuit will be located in the SSO Crypto Room which has a TALENT system TWX facility. Two operators at Scott AFB will be cleared for IDEALIST, OXCART, and CORONA prior the circuit becoming operational. These clearances have been requested.

3. It is my understanding that payment for such a circuit is on a per call basis, charged to the originator of each call.
